

SAFETY FIRST

Safe transportation tips

- * Bring wastes in original or hand-labeled containers with caps and lids fully tightened or secured. **Never mix hazardous wastes together.**
- * Place waste containers in sturdy boxes and place newspaper or cardboard between them. Wrap leaking containers in newspaper and place in separate, **clear** plastic bags.
- * Transport wastes as far from passengers as possible. Keep your vehicle well ventilated. Secure the load to prevent shifting during transport.
- * Do not eat, drink, or smoke while packing, transporting, or dropping off hazardous waste.
- * At the collection site, **REMAIN IN YOUR CAR**. Trained personnel will unload your vehicle.

Attention Small Businesses!

We are now able to accept wastes from Conditionally Exempt Small Quantity Generators (CESQG). Waste can only be accepted by appointment, at our facility or at the collection events.

How do you know if you are a CESQG? Contact the office (616) 527-2620 ext 101, melissa.eldridge@mi.nacdnet.net, or go online: www.ioniacd.org for help in determining your status and to learn what is required to participate.

CESQGs will be charged for disposal.

Appointments available from May through September. Facility closed during winter months. Please call our office or check our web site for more

How can I help?

We rely on volunteers to help conduct our special collections. If you are interested in volunteering or would like more information, please contact our office.

Want to lend a hand but you don't have the time?

DONATE!

Disposal costs an average of \$46 per participant or \$1 per pound of waste. Donations are accepted at the collections, are tax-deductible, and are greatly appreciated.

You don't have to wait to recycle cell phones, batteries (non-auto), and printer cartridges. You can drop them off at these locations during regular business hours. Call if you need more information.

- ♦ MSU Extension Office
- ♦ Ionia Conservation District
- ♦ Ionia County Health Dept.*

*Only battery recycling at this location.

THERE ARE MANY OTHERS!

JUST CALL (616) 527-2620 AND ASK!

Waste NOT Accepted: Tires

Explosives
Ammunition
Latex paint
Large appliances
Medications and sharps
Radioactive waste (e.g. smoke detectors)
Propane tanks over 2lbs.
Empty Containers

**Contact our office to learn how to
dispose of these items.**

What can I do with my latex paint?

Latex paint can be easily dried out and disposed of, with the lid off, in your regular trash. To aid the drying process, mix in scoopable kitty litter, sawdust, or other absorbent material to help soak up the excess liquid quickly.

Electronics Accepted for Recycling:

Office and household electronics

- Air cleaners, humidifiers
- Cellular telephones
- Copiers
- DVD players and VCRs
- Fax machines
- Gaming systems
- GPS Units
- iPods, MP3 players
- Ink and toner cartridges
- Microwaves
- Medical Equipment (non-hazardous)
- Power tools (electric only)
- Projectors
- Radios, stereos and CD players
- Telephone Systems, answering machines
- Televisions (Intact, complete TV sets only)
